These are the three Crossword puzzles from the NYT - November 3rd 1990; November 21st 2010 and November 20th 2014 - dedication ceremony date, BERLIN clue date and CLOCK clue date. Notice how many "LIE"s there are "BER"s, "LIN"s and even a "Z" shape like the tableau. Also the REVERSAL IN TWO seems interesting. There are probably more interesting things but I don't know - maybe some fresh eyes for anyone interested.
