

Is "THIS" part of K5, which requires
K1,K2,K3 & K4 to all be solved in order to
solve K5??

I found it hidden where K4 is actually 2 parts being
solved simultaneously! *Just after the "split" and
before using the final Keyword LAUNDER there is a
challenge offered and the answer given. It's not so
easy to ascertain. But, when I noticed the answer, I
was curious if there was reason for its being there.
