

In passage 2, we located the boundaries of the room as set out in passage 1. These are: SS and AL. It is my opinion that within these boundaries, everything we require will fit. Here, I will go through the process of packing the room with all that is required to move forward *possibly into the ciphertext known as K4*.

The length of the relevant section is 141 characters. By the time this is finished, you will be left with only 97 characters.

```
SS AGEDEBRISTHATENCUMBEREDTHELOWERPARTOFTHEDOORW
AYWASREMOVEDWITHTREMBLINGHANDSIMADEATINYBREACHI
NTHEUPPERLEFTHANDCORNERANDTHENWIDENINGTHEHOLE AL
```

The first thing we need to do is clear the passage debris, so lets get rid of that. As SS and AL define the boundaries of the room we leave these in place.

```
SS THATENCUMBEREDTHELOWERPARTOFTHEDOORWAYWASRE
MOVEDWITHTREMBLINGHANDSIMADEATINYBREACHINTH
EUPPERLEFTHANDCORNERANDTHENWIDENINGTHEHOLE AL
```

The next instruction tells us OF THE DOORWAY WAS REMOVED so lets get rid of that:

```
SS THATENCUMBEREDTHELOWERPART
WITHTREMBLINGHANDSIMADEATINYBREACHIN
THEUPPERLEFTHANDCORNERANDTHENWIDENINGTHEHOLE AL
```

I MADE A TINY BREACH IN THE UPPER LEFT HAND CORNER

OK, lets do that: Take "A TINY BREACH" and move it, overwriting "THATENCUMBE"

```
SS ATINYBREACHREDTHELOWERPART
WITHTREMBLINGHANDSIMADEINTHEUPPERLEF
THANDCORNERANDTHENWIDENINGTHEHOLE AL
```

Next step:

THEN WIDENING THE HOLE A LITTLE I INSERTED THE CANDLE AND PEERED IN

This one confused me until I realised it meant everything after INSERTED so lets do that.

```
SS ATINYBREACHREDTHELOWERPARTWITH
TREMBLINGHANDSIMADEINTHEUPPERLEF
THANDCORNERTHECANDLEANDPEEREDIN AL
```

Reading this passage, you will notice that it states "A TINY BREACH RED THE LOWER PART" and THE CANDLE AND PEERED IN should be made in the upper left hand corner.

So, lets do that:

```
SS THECANDLEANDPEEREDINREDTHELOWERPARTWITH  
TREMBLINGHANDSIMADEINTHEUPPERLEF  
THANDCORNERATINYBREACH AL
```

This, if I'm not mistaken, is a perpetual motion machine. It is constantly reversing itself around TREMBLING HANDS.

THE HOT AIR ESCAPING FROM THE CHAMBER

I believe we do not need this section, it literally escapes.

CAUSED THE FLAME TO FLICKER

I have not yet understood this phrase

BUT PRESENTLY DETAILS OF THEROOM WITHIN EMERGED FROM THE MIST

Similarly, this still eludes me but it may involve subtracting the words THE MIST from the result, potentially forming a new ciphertext.
